Agenda Item No. 8(F)(1)

The attached recommendation to award a contract for mailing services was originally part of the package authorizing the award and rejection of competitive contracts listed on the October 2, 2012 meeting agenda of the Board of County Commissioners (Item 14A11, Legistar 121652). Item 1.2, which is the award for mailing services, was bifurcated from the package and deferred to the October 23, 2012 meeting due to a bid protest.

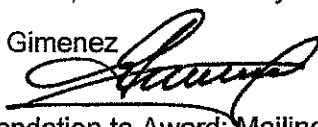

A supplemental report on the bid protest that was filed and the Hearing Examiner's decision to uphold the award recommendation is presented on this same agenda.

**Subject:** Recommendation to Award: Mailing Services

## **Recommendation**

It is recommended that the Board of County Commissioners (Board) approve the award contract 8058-0/17, *Mailing Services* to Arrowmail Presort Co., Inc. and Postal Center International for purchase of bulk mailing and related services for various County departments.

Due to the volume of outgoing mail generated by the County, as well as the net savings on first class postage rates, the County uses outside vendors for the pick-up and delivery of mail to the United States Postal Service (USPS) from various locations throughout the County. The County as a whole generates approximately three million pieces of first class mail per year due to the daily operations of various departments, including the Clerk of Courts, Water and Sewer Department, Internal Services Department, and others. In addition, these services are used by various departments for non-first class mailings such as the annual TRIM Notice, tax bills, building permits, and citation notices, to name a few. These non-first class mailings generate an additional seven to eight million pieces of mail per year. Lastly, the County also uses these vendors for additional services such as folding, inserting, metering, tabbing, barcoding, and presorting of mail.

The vendors furnish all labor, equipment, supervision, transportation, and incidentals required to pick up, presort, process, and/or deliver County mail. The vendors merge and/or comingle the County's mail with first class mail from their other clients, allowing the vendors to accumulate large volumes of mail daily and benefit from substantial discounts on first class mailing rates. On average, and inclusive of the vendor's \$0.009 per letter service charge, the County saves \$0.076 per letter on first class mail. On other types of mail, such as the TRIM notice and building permit mailings, a variety of discounted postage rates are used to achieve the lowest possible postage cost.

While not a revenue-generating service to the County, this savings, coupled with the highly specialized equipment required for this service, afford the most efficient method of ensuring the County's bulk mailing services needs are met.

## **Scope**

The impact of this item is countywide in nature.

## **Fiscal Impact/Funding Source**

The fiscal impact for the five-year contract term is \$6,450,000. The proposed allocations are based on past usage and are budgeted as follows:

**Delegated Authority**

If this item is approved, the County Mayor or the County Mayor's designee will have the authority to exercise, at their discretion, contract modifications, and extensions, and to issue work orders, in accordance with the terms and conditions of the contract.

**Due Diligence**

Due diligence was conducted in accordance with the Internal Services Department's Procurement Guidelines to determine Contractor responsibility, including verifying corporate status and that there are no performance or compliance issues. The lists that were referenced include: convicted vendors, debarred vendors, delinquent contractors, suspended vendors, and federal excluded parties. There were no adverse findings relating to Contractor responsibility. This information is being provided pursuant to Resolution R-187-12.

**Vendor(s) Recommended for Award**

An invitation to bid was issued under full and open competition on March 27, 2012. Award of this contract was made to the lowest responsible, responsive vendor on a group-by-group basis. The groups represent specifications and estimated quantities for Internal Services, Clerk of Courts, Water and Sewer, and Property Appraiser. As needs arise for Aviation, Finance, and Library, these departments will identify which awarded group corresponds to their specification and quantities. A work order will be issued using the pricing and vendor for that group.
